Fido Start Packing Your Suitcase!

The Fourth Edition just published in time for Spring 2018

When vacation time arrives, we often think about taking our dogs along, but are not sure it would be fun for them. What could we do that both our pets and we could enjoy? Dogs love car ride, but what do we do when we get there?

Doggy Walks and Destinations - Acadia National Park and Vicinity can be described as an adventure book for your dog. It sets out walks that you can enjoy with your dog whether he is laid back or wants to wear you out with his energy.

Each walk and destination is accompanied by a trail diagram and tells you what to expect along the way.

Some destinations are popular, not to be missed locations. Some are hidden gems. All are chosen to give you and your dog a pleasant experience.

Marie C. Taylor, the author, has been visiting the Bar Harbor/Acadia National Park area for over 40 years. Her Golden Retrievers are the inspiration for this delightful book. For 22 years she has been compiling lists of places and walks that her dogs Wendy, Molly and more recently Kelley, have enjoyed and hopes that other dogs and their owners will enjoy them as well. The Fourth Edition contains lots of new walks and photos.

Doggy Walks and Destinations - Acadia National Park and Vicinity, Fourth Edition, is available for \$9.95 at bookstores and online from the publisher, On Point, Inc. at www.DoggyWalks.com.
